

MindMAP Project

Mind, Mood and APpetite Project

Do you want to take part in a paid online research study about eating and emotions?

What is the study about?

Researchers at University College London are inviting people to be involved in a study about how eating behaviour and associated sensations (e.g. feeling hungry and feeling full) relate to mood.

What is involved?

You will complete questionnaires about your eating behaviour, mood and physical sensations (e.g. hunger).

You may be asked to complete questionnaires on multiple occasions, two weeks apart.

You will be paid £5 for each questionnaire session.

Who can take part?

We are recruiting people aged 18-30.

If you are interested, scan the QR code or email research team: miranda.copps.21@ucl.ac.uk
